# WALTON WARD

## MILTON KEYNES CITY COUNCIL

**Duncan and Clare** clean signs along Frithwood Crescent **Kents Hill**. Many of the signs in Walton Ward need cleaning and the Council considers this very low priority so we clean them whenever we can.

**Duncan Banks** complained to the shopping centre management when reserved parking spaces at **Kingston** were being used by drivers without disabled blue badges.

Inconsiderate parking of electric bikes and scooters is a hazard to pedestrians and other redway users. This one in **Wavendon Gate** was reported by **Duncan** to Lime and moved to a safe place.

**Clare** identifying a series of potholes along the **V10 Brickhill Street** outside the **Open University Walton Hall** campus. These are being prepared to be filled in. She has also found fly-tipping nearby.

**Birdlip Lane** and **Highgate Over** in **Walnut Tree** frequently has potholes. The road surface has come to the end of its natural life and needs to be replaced. **Ben** continues to report this and other potholes to the council.

The new development in **Walton Park** has been beset with problems. Mud around the newly created roundabout on **Grovelay** and noisy workers early in the morning - all sorted by the Walton Ward LibDems.

This bridge in **Walnut Tree** keeps being hit by high-sided vehicles because the low-height warnings are inadequate. A meeting with Highways has solved the issue.

**Duncan** cleaning a very dirty **Browns Wood** sports ground sign.

The Walton Focus Team has worked with Cute maps to produce this infographic map of Walton Ward. If you spot any mistakes please email Duncan and they will be corrected. Not every playground has been shown as there are so many of them in the ward.

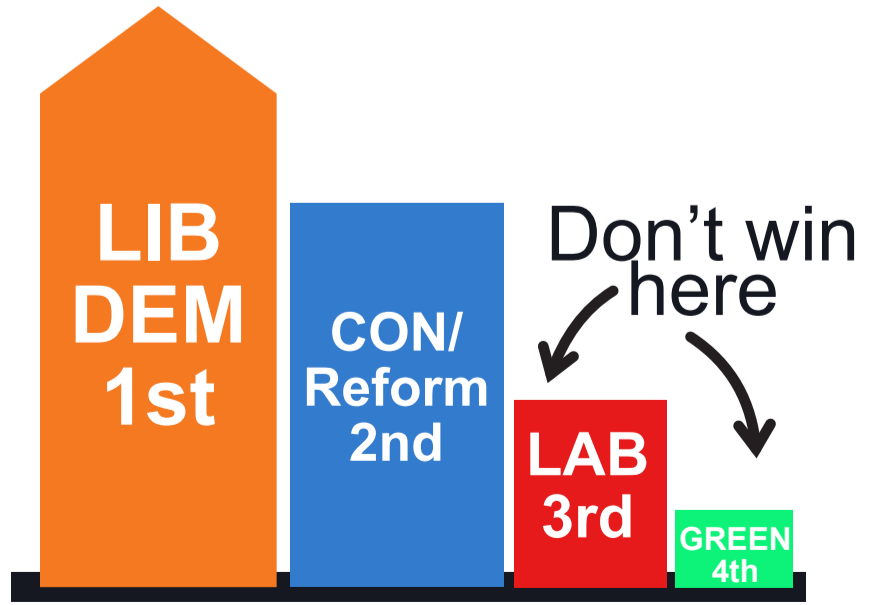

A record of action for Walton WARD ... and a promise of more.
