Monkston Roundabout Works

Preparation for work on the V11 Tongwell St and H7 Chaffron Way Monkston roundabout is happening before Christmas and will involve some lane closures so expect delays. Work will start in the New Year and the roundabout will be closed completely for around 6 months along with the last stretch of road in all four directions. Entrances or exits to estates will be left open. Lorries trying to go up the dead ends will go onto some estates to turn. See the Council website for details and bus changes nearer the time.

On the right hand side above is shown the roundabout after completion.

Nearly £1m approved to expand Walnut Tree Health Centre

Cllr Ben Adewale is quoted as saying: "*This is excellent news for local families. As a dad myself, I know what a difference it makes when you can take your child to an appointment close to home, especially when you're juggling work, nursery and school.*

"*If the surgery can run more clinics, patients could get more of the care they need locally...*"

The H10 Bletcham Way extension

The H10 Bletcham Way extension is a significant project aimed at providing extra capacity for future developments. However it comes at a cost to the residents around the area of **Wavendon Gate** School. Cllrs **Banks** and **Adewale** have proposed partial double yellow lines on the lower part of Gregories Drive and a turning circle and car park at the closed end of the road. Sound barriers also need to be installed once the new bridge is complete.
